

<p><b>Personal, Social and Emotional Development</b></p> <p>Have a look at this picture of Henri Matisse <a href="https://www.moma.org/collection/works/78713">https://www.moma.org/collection/works/78713</a> (also attached below)</p> <p>Have a look at the picture, What do you think is happening? What is the girl doing and why? What book do you think she is reading? Do you think is a fun book? How do you think the girl is feeling? Have you ever felt that way? How do you feel when you read stories? If you think the girl is sad or tired what do you think she could do instead?</p>	<p><b>Communication and Language</b></p> <p>-Explore different stories that you might have in your house about adventures or bears, and try to read them by yourselves. In the nursery we always encourage the children to look at the pictures and imagine what is happening.</p> <p>-Choose your favourite one and make a video telling to your friends why is your favourite story and share it on Tapestry!</p> <p>-Could you make a picture of your favourite part?</p>	<p><b>Physical Development</b></p> <p><a href="https://www.youtube.com/watch?v=43pgc7v6_2o">https://www.youtube.com/watch?v=43pgc7v6_2o</a> This a Zumba dance that you can try, it is very fun and maybe a bit easier that "PE with Joe"</p> <p>-Create an obstacle course in your house</p> <p>-I would love to share this traditional game from my home town, the video is in Spanish but it is very visual <a href="https://www.youtube.com/watch?v=26CKwCdt8Ow">https://www.youtube.com/watch?v=26CKwCdt8Ow</a></p> <p>Maybe you can play this game in your house, is you don't have a garden or chalk use different materials to create a path (lego, string, leaves...) Talk with your parents about what games did they use to play or if they know a English traditional game that they can share with us ☺</p>
<p><b>Literacy</b></p> <p>If your child is confident with the story, this time you can create a story map together (see examples below), you can use the examples or make your own. With the story map the children are able to retell the story by themselves using the map as a support. It would be lovely to see some videos on tapestry</p>	<p><b>Week 2 Planning</b></p> <p>This week we will continue to focus on our book "We're going on a bear hunt" and we will continue to develop some activities based in this book.</p> <p>We also have a new artist: Henri Matisse and we will explore a little about him and his famous pictures</p> <p>If you have any question, please send an e.mail to <a href="mailto:carle@chestnutsprimary.com">carle@chestnutsprimary.com</a></p> <p>If you haven't active your Tapestry account let us know.</p>	<p><b>Mathematics</b></p> <p>-Shape hunt in your house! Find a basket or a container and try to find 10 things in your house with different shapes. When you finish to find all of them you can count them and sort them (all the circles together, all the squares together...) you could count how many circle things you found? Did you find more circles than squares? If the child is engaged with the activity they can try to write the numbers as well while they are counting.</p> <p>-Cut some different shapes in a piece of paper. Then, could you make a bear? Or a cave? Explore the shapes and let's see what could you make! Can you share it on tapestry?</p>
<p><b>Understanding the World</b></p> <p>-Look up caves on the internet together. Are all caves the same? What animals usually live in a cave? Where in the world can you find caves? Are there any near where you live?</p> <p>-Can you make a dark den at home? Can you make shadows in it? Can you make different shaped shadows?</p>	<p><b>Expressive Arts and Design</b></p> <p>Our new artist is Henri Matisse here you can find a video about his life <a href="https://www.youtube.com/watch?v=lvG0lhFD bq0">https://www.youtube.com/watch?v=lvG0lhFD bq0</a> ---</p> <p>Look up for some of his pictures and talk about what can you see? What colours did he use? What kind of shapes?</p> <p>-Could you share your favourite picture with us?</p> <p>-Maybe you can do your own picture. With some scissors and different colour paper (If you don't have different colour paper you always can paint them first, let them dry and then cut!) you can create some shapes and make your picture inspired by Henri Matisse.</p>	<p><b>Extra resources</b></p> <p><a href="https://www.easypeasyapp.com/">https://www.easypeasyapp.com/</a></p> <p><a href="https://www.youtube.com/watch?v=oQMxPspueZI&amp;feature=youtu.be">https://www.youtube.com/watch?v=oQMxPspueZI&amp;feature=youtu.be</a></p>
